

## SCHOOL OF NATURAL SCIENCES SENATOR

My name is Kobe Petersen, and I am running for The Natural Science Senator. I am a sophomore majoring in Chemistry with a focus on healthcare. I plan to continue my education and receive a doctorate of pharmacy. As a full-time student, I also work part-time as a licensed pharmacy technician at Bulloch Drug.

While attending Southern Utah University I have served as the Senate Assistant on the Southern Utah University Student Association Government Branch. While holding this position I have had the opportunity to work closely with the senators and representatives of SUUSA and have loved helping them achieve their goals of serving the student body of SUU. As your Senator of Natural Sciences, I will strive to implement the following:

**Low Student Fees:** A major reason students leave SUU is due to finances. As a student fee committee voting member, I will combat this issue by keeping student fees low and voting to keep only essential student fees.

**Student-Faculty Communication:** I will work with upper administration to improve communication between students and SUU faculty. This will help foster transparency and alleviate confusion between faculty members and students.

**Inclusion:** I will orchestrate events that incorporate all students of the Natural Science family. To promote inclusion within the Natural Science family, I intend to organize various events catering to students in the College of Natural Science, ensuring that every student feels welcomed and represented.

VOTE PETERSEN FOR NATURAL SCIENCE SENATOR!
