## Military Connected Student of the Month

Our July Military Connected Student of the Month is.....Will Clemons!

**Hometown:** Destin, Florida

**Branch of Service:** Army Cavalry Scout

**Hobbies:** Hiking, fishing, and competition shooting

**Date attendance began at SUU:** Sep. 2020

**What are you studying and why:** I am a geology major. I chose this major because the national parks have always fascinated me, and I see it as a route to not only work in the parks, but learn more about them.

**Plans after college:** My goals are to either work for the national parks service, or the department of fish and wildlife.

**Community Service/Programs:** I am currently a student veteran peer mentor, as well as in the student veteran association.

**Any awards at school:** This is my first award here at SUU.

**Any advice for future students:** This is a cool and interesting transition for many students, if I could give any advice it would be to be active in school clubs and programs, it helps you make more friends, as well as prevents you from being stuck inside all day.
